

**Call for Papers
for the
Collegiate Aviation Review (CAR)
and the
UAA Fall Education Conference**

The *Collegiate Aviation Review (CAR)*, the refereed journal sponsored by the University Aviation Association (UAA), welcomes the submission of both qualitative and quantitative research manuscripts relevant to collegiate aviation. The *CAR* review process incorporates editorial recommendations from a panel of blind peer reviewers active in the focus area of each manuscript.

Authors should e-mail their manuscript, in Microsoft Word format, to the editor at CARjournal@uaa.aero no later than **June 1 (Fall Issue) or December 1 (Spring Issue)**. Manuscripts must conform to the guidelines of the *Publication Manual of the American Psychological Association*, 6th edition. All submissions must be accompanied by a statement that the manuscript has not been previously published and is not under consideration for publication elsewhere.

If the manuscript is accepted for the publication, the author(s) will be required to submit a final version of the manuscript by the prescribed deadline. All authors will be required to sign a "Transfer of Copyright and Agreement to Present" statement in which (1) the copyright to any paper which is published in the *CAR* will be assigned to the UAA and (2) the authors agree to present their accepted paper at the next UAA conference. Students are encouraged to submit manuscripts to the *CAR*. A travel stipend up to \$500 may be available for successful student submissions.

Questions regarding the submission or publication process may be directed to the editor at (615) 494-8755, or may be sent by email to: CARjournal@uaa.aero.
