

# UAA CONNECT

the official publication of the University Aviation Association

**APRIL 2022**

## Call for Awards Nominations **Opens April 15**

Nominations are now being accepted for the Wheatley, Laursen, and Sorenson professional educator awards, the Estridge industry representative award, the Champion of Aviation Award, and the Lauber Safety Award for 2022.

Details regarding the awards, including submission guidelines and nomination form, can be found on the UAA website at [www.uaa.aero](http://www.uaa.aero) under the Resources>Awards link.

All awards will be presented at the UAA Annual Awards Banquet October 6 in Colorado Springs, CO. Please note that all nominees except for the Lauber Safety Award must be actively involved UAA members in good standing.

Nominations letters and questions regarding the UAA Awards should be sent to [hello@uaa.aero](mailto:hello@uaa.aero).

**Awards Nomination Deadline: June 15, 2022**

## Call for Speakers Deadline Extended

Good news! We have extended our Call for Speakers until **April 15th** in order to give all of our talented would-be presenters additional time to perfect their proposals. So now's your chance to be one of them!

Take a moment and submit your proposal topic for the 2022 Collegiate Aviation Education Conference to be held in Colorado Springs, CO. UAA will celebrate 75 years with a conference loaded with fresh, impactful content, knowledge sharing and we want to hear from you now so we can build the best program in 75 years!

**When & Where:** Oct 4-7, 2022 in Colorado Springs, CO at the Antlers Hotel in the heart of downtown. You can immerse yourself in this spectacular 75th anniversary event that encompasses everything collegiate aviation related.

**Our Audience:** Joining us at the base of the US Air Force Academy (where the Air Force will also be celebrating their 75th birthday), will be the students of Alpha Eta Rho - kicking off their annual conference on that same Friday. The alliance of these powerful, established brands will bring unique industry all-stars under one roof for four momentous days. Our audience is in the business of collegiate aviation. They are some of the hardest working people in the academic industry today.

Our audience is comprised of leaders and professionals from colleges and universities around the globe. These institutions produce the future aviation mechanics, pilots, dispatchers, avionics technicians, ATC, and managers that fuel the industry for decades to come. Attendees may be representing a small college in a big town, a big university in a small town, or an academy that is a town unto itself. But they are all at the 2022 Collegiate Aviation Education Conference for the same reason: to connect, share, and learn from each other.

**[CLICK HERE to submit your proposal.](#)**

## UAA Attends the 2022 Women in Aviation International Conference

After two-years, Women in Aviation International (WAI) welcomed everyone back in-person. University Aviation Association (UAA) staff were enthused to be counted as part of the 4,500 people at the WAI conference in Nashville, TN. UAA staff loaded up the cars and made the short drive from our headquarters in Memphis, TN to Music City to stand alongside our airline industry, government, and university members in the exhibit hall as we promoted collegiate aviation! Attendees represented the wide spectrum of aviation careers, from dispatchers, mechanic, and ATC to pilots, aviation forestry, military avionics experts, and airport managers. Prospective students, current students, alumni, and faculty all visited our booth to say hello and receive copies of the Collegiate Aviation Guide and the Collegiate Aviation Scholarship Catalog.

**ERAU Students Help Save Local Pilot in Distress**

Two Embry-Riddle Aeronautical University Flight students were flying near Palatka, Florida, when they heard an emergency call over the radio that an 81-year-old pilot nearby had just experienced engine failure at 800 feet. Immediately, they headed in the direction of the call.

“You never panic in an emergency, as panicking will only worsen the situation,” said senior Flight instructor Chris

Shields, who was flying along with Aeronautical Science junior Connor Cvetan. “I just kept calm and did what needed to be done to get the individual the help he needed.”

First, Shields contacted the pilot in distress and tried to help point out an empty field directly below the aircraft as a possible landing site. “When I saw the plane touch down into the water, my heart sank,” said Cvetan. “Our first thought was to try to contact the pilot. No luck. That’s when we determined that calling Jacksonville ATC was the best option.”

The students could see the pilot standing on top of his plane, which was slowly sinking. They determined the exact coordinates of the crash and relayed them to emergency services. Then they began circling the area, offering updates and information about the aircraft floating in the pond below to the U.S. Navy and Coast Guard over the radio.

Aeronautical Science senior Steven Lange also assisted in the search-and-rescue operation. Lange stepped in to assist emergency services once Shields and Cvetan returned to base to refuel. Thanks to assistance provided by the three Embry-Riddle Flight students, a U.S. Navy MH-60 Seahawk rescued the pilot safely.

**Survey Participation Request for Retention of Women in Collegiate Aviation**

My name is Rachael Shantz, and I am a graduate student under the direction of Professor Michael Cirillo in the Aviation Management and Human Factors program at Arizona State University. I am conducting a research study to analyze the experiences and retention of women students in collegiate aviation programs.

I am inviting participants to complete a brief survey. Participants must be 18 years or older who are currently enrolled or recently graduated from (<5 years) an aviation program at an accredited college or university. The survey will take approximately 15 minutes of your time and will prompt you to respond to questions related to your social identity and statements regarding your personal experiences within a collegiate aviation program. Your participation in the study is voluntary. Although the survey component of this study will not include financial compensation, if interested, you may be selected to participate in a follow-up interview. Participants who complete a follow-up interview will be compensated in the amount of a \$15 Amazon gift card. If you have any questions about the study, please contact me at rshantz1@asu.edu.

[https://asu.co1.qualtrics.com/jfe/form/SV\\_bPGxDIHi2FdoJVA](https://asu.co1.qualtrics.com/jfe/form/SV_bPGxDIHi2FdoJVA)

**Republic Airways Gifts \$30,000 to Delaware State University Aviation Department**

Dover, DE: A team from Republic Airways visited Delaware State University aviation students on Wednesday, bringing a \$30,000 gift for the program.

More than 20 Delaware State aviation graduates are currently pilots at the regional airlines based in Indianapolis, IN, said Darrell Morton, Senior Manager of Educational Programs for the airlines.

“In an industry dominated by white males, what we want to do is demonstrate that there is a way into this industry and inspire the next generation of pilots,” he said. “We have had a lot of success in getting pilots from Delaware State, so it’s natural to continue to strengthen the partnership.”

Funds will be used for mobile flight simulators and to offset fees and book costs for students, said Lt. Col. (ret) Michael Hales, director of the aviation program. “This helps us make it easier for us to get students to a place where the airlines can hire them,” he said.

Col. Hales said the mobile simulators will be used by students and taken to events and shows that he attends, to recruit students to the aviation program.

Hales said Republic and other regional airlines try to attract graduates and word of mouth among students has led to the high number of graduates going to Republic.

Recent Delaware State graduates Maurice Ellis and Jay Shah, now pilots for Republic, said they like to keep track of the progress of students at their alma mater and come back to speak with them about working as a pilot.

# Grab a Table Under the Tent at the UAA College Commons

University Aviation Association is inviting our members to celebrate the innovations that strengths of the aviation community by featuring the UAA College Commons for two full days in June as part of the Midsouth Airshow at the Memphis-Millington Airport.

The College Commons will highlight airline and aviation industry careers and the college education resources and opportunities available to prospective students wishing to enter the fields of aviation.

Join us as we bring dedicated college and university educators from around the nation for sharing collegiate pathways to the in-demand careers as pilots, aircraft mechanics, drone operators, ATC, dispatch, avionics, and airline and airport management.

If you have your own school branded tent, or are bringing your airplane for display, you can register directly with the Midsouth Airshow using the attached application. Please note on the form that you are part of UAA or College Commons and you will be placed along our corridor. If this is your first trip to the airshow, remember the booth price of \$250 is ONLY FOR THE SPACE and does NOT include a tent or table – you are going to want to bring that if you want the shade.

UAA will have a limited number of 5 foot tables under our larger tent to share with schools that do not need a 10x10 space to themselves. If you would like to share a table under our tent, please reach out to me at [dawn.vinson@uaa.aero](mailto:dawn.vinson@uaa.aero) or 901-563-0505

## JUNE 18-19, 2022

Millington, TN

### HOURS

- Friday, June 17, 2022 - Exhibitor Set-up
- Saturday, June 18, 2022 - Airshow gates open at 8-6/ flying 11-4:30
- Sunday, June 19, 2022 - Airshow gates open at 8-6/ flying 11-4:30

## Airport & Airline Management Simulations

Designed for Universities, Colleges and Airline Staff Training

- Full control over environment variables including the passing of time, demand & global events
- Detailed economic & performance reporting
- Online tutorials, sample curriculum, & course notes
- Simulate and schedule flights by region or globally
- Historical and 'what if' scenarios easily configured
- Fully interactive and competitive environment
- PAX Service Levels & Aircraft Configuration
- Analyse detailed results including RASM & CASM
- Fleet Analysis & Acquisition
- Staff Management
- Aircraft Maintenance
- Detailed Yield Management

sales@simulate.aero

### Marshall Flight School Student Making Impact on Women in Aviation

KANAWHA COUNTY, W.Va. (WCHS) – Across the country, there is a shortage of pilots, especially women pilots.

Some women are working to head to the skies through training being offered at Marshall University's Bill Noe Flight School at West Virginia International Yeager Airport in Kanawha County.

"I always caught myself looking up at the sky seeing all the airplanes go by, and I always wanted to do that someday," said Kristen Sayre, president of Women in Aviation at the Bill Noe Flight School.

Sayre, a Marshall flight school student, is one of only five women in her class, and the first in her class to do a solo flight.

Sayre and a group of students came together and started West Virginia's very first Women in Aviation chapter. She is proud of the high percentage of female enrollment at the Bill Noe Flight School.

"We have about triple the national average right now," she said.

Sayre said she is also working to see if Marshall will expand its Yeager Scholar Program.

"Chuck Yeager partnered with Marshall University to break the educational barrier of conventionality, and I feel like that is exactly what we are doing here at the Bill Noe Flight School," Sayre said.

### Transportation Industry Diversity Survey

How do we champion women and people of color in the transportation workforce? What opportunities and barriers exist? Recognizing that fewer than 15% of the 15 million jobs in transportation are held by women, researchers with the Center for Urban Transportation Research (University of South Florida), the Mineta Transportation Institute (San José State University), Tennessee State University, and the Southeast Transportation Workforce Center (University of Memphis), partnered with ITS America, WTS, The Ray and MobilityXX to conduct a national survey to ask questions about peoples' experience in the transportation sector. This survey asks how organizations are promoting diversity, career advancement, and other opportunities to understand how we can grow diversity in the transportation workforce.

Please take a few minutes to share your experience! And, spread the word! Please forward the survey link to anyone who may like to participate.

[Click here to take the survey.](#)

### OVER 5,000 STUDENTS VISITED UAA at the P2P CAREER EXPO in RIPLEY TN

UAA was pleased to be part of the two-day Pathways2Possibilities (P2P) Career Expo for West TN. Approximately 5,000 middle and high school students from public and private schools throughout West Tennessee were under one roof for this event. P2P is a unique, hands-on, interactive, career exploration experience designed to give students an opportunity to think about, make decisions, and plan for their career after high school. Each student spent more than 90 minutes on the expo floor exploring and engaging with professionals. As part of the P2P program, UAA was in good company – also on the floor engaging students and promoting collegiate aviation were FedEx, Tennessee College of Applied Technology, and Dyersburg State Community College. Each booth provided information of job fields within aviation: licensure and certification requirements, and expected salary ranges, and education requirements for the field. UAA's booth distributed several hundred free Collegiate Aviation Guides and Collegiate Aviation Scholarship Catalog to students interested in careers in aviation.

## Cranfield University Flying Classroom Takes to the Sky

A project to facilitate the training of the next generation of aerospace engineers in the UK's only "flying classroom" is fully operational thanks to the technical expertise of a leading aircraft interior specialist, Starling Aerospace.

Working in partnership with Cranfield University's National Flying Laboratory Centre (NFLC), Starling has completed a six-month program of modification and re-certification of all 35 seats in the NFLC's Saab 340B aircraft, which is the latest educational asset to join the university's fleet.

The project required a bespoke solution for the fitment of computer tablets and other equipment to each seat back of the flying classroom. Starling was responsible for the complete design, fabrication, modification, re-certification and installation process, which provides aerospace engineering students from over 20 universities and

Cranfield to gain invaluable flight test experience as part of their research studies. Operating from Cranfield's Global Research Airport in Bedfordshire, the Saab 340B is unique in the UK in its role to create new research capabilities, including projects which test the development of advanced aerospace technologies and flight operations.

Commenting on the project, Starling's co-founding director, Coralie Wigg, said: "Supporting Cranfield's training program of future aerospace engineers has made this an exceptionally rewarding undertaking for Starling and one that required a complex array of technical challenges to be overcome, regarding bespoke design, parts manufacture and stringent re-certification. Our team of design engineers and fabricators rose to these challenges with great professionalism and we were very proud to have partnered with Cranfield in support of its endeavors."

Richard Jones, aircraft technical manager, National Flying Laboratory Centre, said: "Starling Aerospace delivered a fantastic 'future proof' solution to accommodate the Microsoft Surface Pro tablets in the headrests of the Saab 340 cabin seats, for our flying classroom tutorials. We were equally impressed with the durability and finish of the synthetic leather together with high standard of workmanship achieved by the whole Starling team."

## Marshall University Flight School Adds First Multi-Engine Aircraft to Growing Fleet

CHARLESTON, W.Va. (WCHS) — Marshall University's Bill Noe Flight School welcomed its first multi-engine aircraft Friday at West Virginia International Yeager Airport.

The plane is a Piper Seminole model and was flown in from a facility in Vero Beach, Fla. This is the first of several multi-engine aircrafts Marshall plans to acquire.

Marshall University President Brad Smith noted the push to start an aviation program began about three years ago.

"The expansion of our program is an example of the success of the program, but also the shared vision we all have for

future possibilities," Smith said.

Bill Noe is the flight school's namesake and the pilot who flew the new plane in to West Virginia. He said the addition of multi-engine planes will allow the program to offer the highest level of certification available in the industry.

The institution is working with the Federal Aviation Administration to offer two academic degree programs at the flight school. Marshall's commercial pilot program opened in fall 2021. The university plans to add an aviation maintenance program later this year.

 Flight Schedule Pro™

Proud supporter of UAA

“Coming recently from another platform, we have found Flight Schedule Pro's Scheduling, Dispatching, and Maintenance Tracking to be both **intuitive and easy to use**. Email notifications of upcoming maintenance events has allowed us to **improve our dispatch success rate** as we are able to be more proactive with maintenance scheduling. More than that though, their support has been excellent. Between video conferencing to help teach our instructors, to going out of their way to help setup a unique situation, their support has gone, and continues to go, **above and beyond to make sure we are as safe and economical as possible.**”

## CAU Hosts SAFECON Region II Competition, Earns Bid to Nationals

California Aeronautical University (CAU) hosted the National Intercollegiate Flying Association (NIFA) SAFECON Region II Competition last week, where approximately 100 students from six collegiate flight teams put their knowledge and skills to the test.

Participating aviators competed in action-packed events over four days to test the pilot's ability and competency to maneuver and manipulate the aircraft, fly under instrument flight rules (IFR), assess flight computer accuracy, and a variety of other events.

As a first-time host, CAU's Flight Team proudly earned second place overall and won the coveted Red Baron Team Sportsmanship Award, an award voted on by the other teams and judges. CAU also brought home victory as the runner-up in the Flight Events Championship.

Bachelor of Science in Aeronautics students Camille and

Nathan earned first place in the Instrument Simulated Flight and Short Field Landing events, respectively.

All victors were presented their awards during an awards banquet on the last day of the competition. Because of their top scores, CAU's Flight Team earned a bid to the national competition held in Columbus, Ohio in May 2022.

"We're excited to have hosted this year's SAFECON Region II competition," says CAU President Matthew Johnston. "Our flight team has a lot of fun preparing for these competitions with other students who share their passion for aviation. We're proud of their hard work as they applied what they've learned in class to real-world scenarios in this competition, and we're looking forward to the national competition!"

SAFECON, Safety and Flight Evaluation Conference, is an annual competition consisting of flight and ground challenges designed to promote safety and professionalism among collegiate aviators. Region II encompasses flight teams from California, Nevada, Arizona, Oregon, Washington, Alaska, and Hawaii.

Event judges participated from the local area, including airline pilots, local pilots, and members of the Bakersfield 99s.

Since the event had been cancelled due to COVID concerns, this year's competition was much anticipated for all those involved.

## WHERE CAREERS TAKE FLIGHT

California Aeronautical University is preparing the next generation of aviation professionals. With locations in California and Arizona, CAU courses are delivered in a fast-paced schedule that enables students to enter the pipeline for aviation careers more quickly. Flight students fly in their first term.

**MVCC and Piedmont Airlines Announce Tuition Payment Program for Airframe and Powerplant Students**

Piedmont Airlines and Mohawk Valley Community College have partnered on an accelerated 12-month tuition assistance program for qualified students in MVCC's Airframe & Powerplant Certificate program. Up to 10 scholarships will be available for the Fall 2022 semester.

The program is designed to attract new and diverse talent to the high-demand field of aviation maintenance by removing the financial barriers and job uncertainties that may hinder some from entering the field. In addition

to full-tuition assistance, it will provide qualified aviation maintenance students with conditional job offers at Piedmont Airlines before they begin classes at MVCC's Aviation Training Center, located on the airfield at Griffiss International Airport in Rome, N.Y.

MVCC has been a proud partner of Piedmont Airlines for the past seven years, specifically providing new talent support for Piedmont's maintenance base in Albany, N.Y.

"Piedmont Airlines has been a strong partner for several years and this generous initiative is their latest effort to help accelerate the pathway to an exciting and rewarding career for our students," MVCC President Randall VanWagoner said. "I'm looking forward to seeing the incredible difference this will make in the lives of the students."

Jessica Woney, Senior Recruiter Maintenance Tech Ops for Piedmont Airlines, said, "The tuition payment program is an amazing opportunity that helps remove financial barriers for those interested in the aviation maintenance field. The program sets each candidate up for success by funding their studies and certification fees, as well as providing them with a career after graduation."

## Join Us!

The Federal Aviation Administration  
William J. Hughes Technical Center  
presents a virtual edition of

# Aviation STEM Day

**When:** Thursday, April 7, 2022  
**Where:** Virtual via Zoom  
**Agenda:**

- 9:00 a.m. – 10:30 a.m. Young Professionals Career Panel
- 10:45 a.m. – 2:15 p.m. Technical Talks  
*Start times: 10:45 a.m., 12:00 p.m., & 1:15 p.m.*
- 2:30 p.m. – 4:00 p.m. Aviation Professionals Career Panel

Please join us for Aviation STEM Day hosted by the Federal Aviation Administration William J. Hughes Technical Center! This year's event will feature two career panels and three aviation-focused tech talks presented by Technical Center employees. The day's activities are designed to showcase the Technical Center's dynamic workforce and highlight many aviation career fields.

Aviation STEM Day is for high school and college students.

Availability is limited so slots will be filled on a first come, first serve basis.

RESHAPING THE INDUSTRY

## LEADERSHIP SKILLS FOR WOMEN IN AEROSPACE AND AVIATION

MOOC

LEADERSHIP SKILLS

**Learn Leadership Skills from Top Industry Professionals**

Now is the time to seize new opportunities in the aerospace and aviation industries.

This course will address the industry's need to prepare current and future female leaders in the aviation industry. This Massive Open Online Course (MOOC) is available free of charge to students, young professionals and mid-career professionals who want to hone their leadership skills. The training will cover factors to help women advance, insights from top women leaders, resources from key accomplished women in aviation to overcome career challenges and information from Embry-Riddle experts to increase retention of women in the aviation industry.

### Delta Airlines Partners with Hampton University to Diversify Pilots

Delta Airlines has announced a partnership with Hampton University, a Historically Black College and University (HBCU) in order to diversify their pilot workforce and train more pilots of color.

Only about 3% of commercial airline pilots are Black, and CNN reported that 34,000 new pilots would be needed by 2025 to fill demand. Hampton is the first HBCU Delta has added to its Propel Collegiate Pilot Career Path Program.

“Delta says connecting the world requires that we first respect the world through seeking diversity, promoting inclusion, creating equity, and driving accountability towards these goals,” said First Officer Monique Grayson, interviewer for the Propel program. “Considering the history of HBCUs and that of Delta, I am proud to see the company doing just that.”

Hampton students who join the program will have a chance to receive a job offer from Delta upon graduation.

### New Aircraft Mx Program Coming to New River Community and Technical College

BEAVER, WV – An aircraft maintenance program is now underway at New River Community and Technical College.

With the help of Senator Shelley Moore Capito and Congresswoman Carol Miller, the school is being awarded \$300,000 in federal funds towards the operation. It will be a Federal Aviation Administration (FAA) certified Aircraft Maintenance School (AMTS) with an Airframe and Powerplant (A&P) rating.

“We’ve seen across the country that there is a need for people working in the aircraft maintenance field,” says Director of Communications at New River CTC, Jenni Canterbury. The new program will work with the Raleigh County Memorial Airport and the New River Gorge Regional Development Authority.

**Oklahoma State University Celebrates Grand Opening of Ray and Linda Booker OSU Flight Center**

Oklahoma State University celebrated an aviation milestone Saturday with the grand opening of the state-of-the-art Ray and Linda Booker OSU Flight Center.

The 11,500 square-foot building replaces OSU Aviation’s outdated facilities and more than doubles the space available to students and flight instructors. Building highlights include 35 workstations for flight instructors, debriefing rooms where student pilots will receive feedback, a student lounge and locker room, an academic suite and flight simulation rooms. The facility is located southwest of Stillwater Regional Airport along North Airport Road.

“With this new flight center, we now have a home that matches the energy, passion and success of our students and faculty,” said Jon Pedersen, dean of OSU’s College of Education and Human Sciences.

He added that enrollment in the aviation program has grown by 40 percent in recent years and that the college has added five new Cirrus SR20 planes to its fleet.

“The Ray and Linda Booker OSU Flight Center puts our program in a position to continue to grow as we attract and retain high-caliber students,” Pedersen said. “With common areas, space for individual flight debriefings and more, this incredible building will truly enhance our flight operation and serve our students well.”

Oklahoma State University is one of fewer than 20 universities in the U.S. to offer graduate aviation degrees and has become a pipeline for trained professionals to start careers in an industry with a dwindling workforce. In addition to training students to become pilots, OSU Aviation prepares students for careers in aviation management, aerospace security and technical service.

**Embraer Launches Educational Partnership Program**

Embraer today launched its first U.S.-centric educational partnership program to promote aviation career paths, offering scholarships, grants, and employee volunteer hours to students at select high schools, technical colleges, and universities in the U.S. This initiative will be led by the nonprofit Embraer Foundation and will implement an industry-focused scholarship and internship program to inspire and recruit students to pursue aviation careers. The first scholarships and grants will be for the fall 2022 term.

The program will initially focus on six schools with aviation training programs and will award approximately 20 scholarships and grants, each worth between \$1,000 and \$2,500, as well as internship opportunities. While not yet able to reveal the names of those schools, Embraer Foundation chief Monica Newman McCluney told AIN that the trial period will include three high schools, two technical schools, and one university—some in Florida, where Embraer has several facilities, but also in other states.

According to McCluney, the pilot program allows Embraer to hire entry-level talent and retain a more diverse workforce. Embraer plans to steadily increase the onboarding of talented students from partnership schools over the coming years.

Additionally, Embraer representatives will visit each school to provide academic support and serve in an advisory capacity related to the school’s aviation curriculum. Other benefits include hands-on training programs and on-site visits to Embraer’s Melbourne campus.

“As one of the leading companies in the aerospace industry, Embraer is invariably focused on innovation and education,” said McCluney. “Education has always been at the core of our social responsibility initiatives and our new program reinforces that commitment—not only to inspiring youth through aviation, but to developing a high-performing and diverse talent pipeline. It is crucial that we make social investments that ensure our ability to attract a diverse workforce. These students are the future of our industry, and we are honored to provide additional resources to help them grow and succeed.”

**USC Joins U.S. Space Force’s University Partnership Program**

USC President Carol L. Folt has signed a memorandum of understanding with the U.S. Space Force, bringing the university into a select group of academic Space Force partners.

The Space Force’s University Partnership Program will bolster research and leadership development for students and faculty. The partnership will enhance STEM study and research projects that foster national security objectives in the space domain. It also will offer scholarship and mentorship opportunities for students, faculty and Air Force cadets. Space Force is an independent military service under the Air Force.

“This is a remarkable and exciting extension of USC’s longstanding partnership with the U.S. Armed Forces,” Folt said. “Our agreement with the U.S. Space Force creates a new way for members of the Trojan community to serve our country and will leverage USC’s strengths in aerospace research and education to help build a diverse force of scientists and engineers who are focused on operating in new realm.”

The U.S. Space Force is the newest division of the Armed Forces, established by the National Defense Authorization Act in 2019 as a branch of the military focused on advancing and protecting U.S. and allied interests in space. Lt. Gen. Michael A. Guetlein, commander of Space Systems Command, attended Monday’s University Partnership Program ceremony on the University Park Campus on behalf of Vice Chief of Space Operations General David Thompson.

“We are delighted that the University of Southern California is now a part of USSF’s University Partnership Program,” Guetlein said. “In order to succeed in our mission, the U.S. Space Force needs a highly educated and diverse group of military and civilian guardians who have the technical expertise and problem-solving skills to develop, advance, and operate the world’s most advanced space systems today and into the future of our congested and contested space domain.”

**CWU Professor Named National Flight Instructor of the Year**

Central Washington University Aviation Professor Amy Hoover entered rarefied air this month when she was named the 2022 National Certified Flight Instructor of the Year by the Federal Aviation Administration (FAA) and General Aviation Awards Industry Board.

The FAA award recognized Hoover for her role at CWU and for her many contributions at the regional and national levels through her mentoring efforts, publications, presentations, and backcountry flight instruction. After having time to reflect on the recognition, Hoover says she feels both proud and humbled.

**Republic Airways Gifts \$30,000 to Delaware State University Aviation Department**

Dover, DE: A team from Republic Airways visited Delaware State University aviation students on Wednesday, bringing a \$30,000 gift for the program.

More than 20 Delaware State aviation graduates are currently pilots at the regional airlines based in Indianapolis, IN, said Darrell Morton, Senior Manager of Educational Programs for the airlines.

“In an industry dominated by white males, what we want to do is demonstrate that there is a way into this industry and inspire the next generation of pilots,” he said. “We have had a lot of success in getting pilots from Delaware State, so it’s natural to continue to strengthen the partnership.”

Funds will be used for mobile flight simulators and to offset fees and book costs for students, said Lt. Col. (ret) Michael Hales, director of the aviation program. “This helps us make it easier for us to get students to a place where the airlines can hire them,” he said.

Col. Hales said the mobile simulators will be used by students and taken to events and shows that he attends, to recruit students to the aviation program.

Hales said Republic and other regional airlines try to attract graduates and word of mouth among students has led to the high number of graduates going to Republic.

Recent Delaware State graduates Maurice Ellis and Jay Shah, now pilots for Republic, said they like to keep track of the progress of students at their alma mater and come

**Embraer Launches Educational Partnership Program with Six Schools**

Embraer today launched its first U.S.-centric educational partnership program to promote aviation career paths, offering scholarships, grants, and employee volunteer hours to students at select high schools, technical colleges, and universities in the U.S. This initiative will be led by the nonprofit Embraer Foundation and will implement an industry-focused scholarship and internship program to inspire and recruit students to pursue aviation careers. The first scholarships and grants will be for the fall 2022 term.

The program will initially focus on six schools with aviation training programs and will award approximately 20 scholarships and grants, each worth between \$1,000 and \$2,500, as well as internship opportunities. While not yet able to reveal the names of those schools, Embraer Foundation chief Monica Newman McCluney told AIN that the trial period will include three high schools, two technical schools, and one university—some in Florida, where Embraer has several facilities, but also in other states.

According to McCluney, the pilot program allows Embraer to hire entry-level talent and retain a more diverse workforce. Embraer plans to steadily increase the onboarding of talented students from partnership schools over the coming years.

Additionally, Embraer representatives will visit each school to provide academic support and serve in an advisory capacity related to the school’s aviation curriculum. Other benefits include hands-on training programs and on-site visits to Embraer’s Melbourne campus.

**CAE SCHOLARSHIP NOW OPEN**

CAE, a worldwide leader in training for the commercial aviation, defense and security, and health care markets, will award up to FOUR entry level corporate jet aircraft training scholarships in 2022. These scholarships will be awarded to four different students from, or recent graduates of, University Aviation Association member institutions.

Applications are due by April 13, 2022

**Everyone is Hiring**

JSfirm.com, the leading aviation job website is reporting record numbers of aviation jobs posted.

JSfirm.com Executive Director Abbey Hutter said, "2022 is shaping up to be exactly as we predicted last year. Companies are scrambling and competing with each other to attract and retain qualified candidates. The current job market is candidate driven and they have plenty of job opportunities in front of them." She continued, "Helicopter related jobs make up nearly 40% of our jobs."

JSfirm.com is seeing a 30% increase in job postings compared to pre-covid numbers. The most in demand positions remain pilots, A&P/IAs, sheet metal technicians, avionics, engineering, flight instructors, dispatchers, line service, managers and sales/business development positions. Aviation companies are constantly reaching out to our team to gain more exposure and get their jobs in front of the best candidates. Competition between companies is fierce and showing no signs of slowing down.

**Diversity, Equity, and Inclusion Committee**

**The UAA has a new Diversity, Equity, and Inclusion (DE&I) Committee!**

- This committee will encourage and promote DE&I in collegiate aviation education.
- The DE&I Committee will meet in person during the UAA annual conference in October 2022, and meet virtually 2 or 3 times per year.
- If you are a UAA member and are interested in joining the **DE&I Committee**, please use the below google doc weblink to sign up before **April 22, 2022**.
- The first virtual DE&I committee meeting will be on April 29, 2022.

Take our **FREE WORKSHOP**

**AVIATION STUDENT/VETS:**

JOIN US for our *SPRING, 2022 Online WORKSHOP*  
**REGISTER Below for April 14 Zoom session**  
*We'll Connect You to Great Airport Job Opportunities!*

**3 STEPS TO LAND A GREAT JOB IN AVIATION!**

**1. REGISTER:**

Don't wait – Register now!  
 • April 14 – 2pm to 3:30pm (EST)  
 Get started on PREP that can open the world for you.

**2. PREP: WORKSHOP ONLINE:**

In the April 14 session, you'll learn how to translate your military skills into tools for AVIATION success to showcase your talent to an HR rep.  
 Whether you've just started your aviation studies, or set to graduate, it's never too early to build your NETWORK of aviation contacts.

**3. CONNECTION**

You'll meet and get personal support from HR reps at major US airports.

UNIVERSITY AVIATION  
ASSOCIATION

## Collegiate Aviation Education Conference & Expo

October 4-7, 2022 | Antlers Hotel Colorado Springs

### Learn, Network, Connect

The annual collegiate aviation conference is the premier gathering place for college and university educators focusing on the collegiate aviation industry. It includes presentations from government agencies, university professionals, research-based programs, safety professionals, and those committed to best practices in aviation education in aviation in the college and university environment.

Attendees include university administrators, professors, faculty, and students from across the disciplines of flight, aviation maintenance, ATC, dispatch, avionics, safety, unmanned ariel systems, airline, and airport management.

This conference is a tremendous opportunity for you to meet and reach out to leaders who are the forefront of improving the quality of aviation education. Exhibitors and participants will have the chance to network during the three-day event. The conference is held October 4-7, 2022 at The Antlers Hotel Colorado Springs.

### Full Registration Includes

- 3 days of education sessions, workshops, & keynote speakers
- Admission to the exhibit hall
- 3 Refreshment breaks in the exhibit hall
- 3 days of morning coffee
- Educational Tours - Tuesday (AM and PM)
- 3 networking receptions - Wednesday, Thursday, & Friday evening
- Awards Banquet Thursday

### Spouse / Guest Pass for social networking events

An enjoyable time for non-attending companions of full registration conference attendees and speakers. Admission to education sessions is NOT included. **\$199 Fee**

#### Guest Passes Include:

- Refreshment breaks in exhibit hall
- Morning coffee Tuesday - Friday
- Evening receptions Wednesday - Friday

### Workshop & Safety Infoshare

Included with full registration. Wednesday Safety Infoshare & workshops ONLY. Registration \$150. No walk-in/registration will be offered. Military in uniform is free. Limited availability. No at door registration.

## AFA Opens 2022 Scholarship Applications

The Air Force Association is now accepting 2022 scholarship applications, making available more than \$100,000 in academic and flight training scholarships to Air and Space Force members, spouses, and children. Applications must be submitted at [www.afa.org/education/scholarships](http://www.afa.org/education/scholarships) on or before April 30, 2022. Results will be announced this summer.

AFA scholarships are supported by donors seeking to help students realize their dreams through advanced education. AFA offers 11 scholarship programs:

### **Col Aaron Burgstein Memorial Scholarship**

Provides \$1,000 annually to one minor dependent of Active, Guard, Reserve, veteran, or retired military members from any service branch pursuing a degree at an accredited college or university.

### **Capt Jodi Callahan Memorial Scholarship**

Provides \$2,000 to three U.S. Air Force or U.S. Space Force members, either Active Duty or full-time Guard or Reserve personnel, pursuing a master's degree in a non-technical field.

### **Mike and Gail Donley Spouse Scholarships**

Provides \$2,500 annually to up to 14 U.S. Air Force or Space Force spouses worldwide to pursue higher education.

### **Lt Col Romeo and Bass Ferretti Scholarship**

Provides \$5,000 to one minor dependent of enlisted U.S. Air Force or U.S. Space Force members, either Active, Reserve, or Guard, who is pursuing an undergraduate STEM degree.

### **Col Loren J. and Mrs. Lawona R. Spencer Scholarship**

Provides three \$5,000 scholarships for U.S. Air Force or U.S. Space Force (Active, full-time Guard or Reserve, or civilian) to pursue graduate-level education in management and administration in preparation for senior-level leadership roles.

### **John C. and Blanche Lee Lindsay Memorial Scholarship**

Provides one \$2,500 scholarship to a child of members of the United States Air and Space Forces who is pursuing a college degree.

### **Dr. Sydell Perlmutter Gold Memorial Scholarship**

Provides a renewable \$5,000 annual scholarship (for a total possible award of \$20,000) to one daughter of Active, Guard, or Reserve U.S. Air Force or U.S. Space Force members pursuing a bachelor's degree in a STEM field.

### **Tuskegee Airmen Memorial Scholarship**

Provides \$1,000 to current and former members of the Air and Space Forces, Air National Guard, and Reserve, and their spouses or children to pursue a college degree or flight training.

### **Pentagon Federal Credit Union Pilot Training Scholarships**

Provides three AFA members pursuing a private pilot's license up to \$10,000 towards applicable aircraft rental and instructor fees at a training facility of the recipient's choice.

## AVIATION RADIO SIMULATOR

Master Aviation Comms

Our team is a diverse group of people, all with a passion for aviation. We strive for excellence, and recognize that everyone – no matter which job title they hold – is responsible for our success. We celebrate our accomplishments together and learn from our mistakes. We hold each other accountable. We work as a team. We care for each other. We are Piedmont.

### **Airline Benefit Intern**

At Piedmont Airlines, our strength is the way we deliver industry-leading service to our customers and airline partners. To continue our standard of excellence, Piedmont is seeking a motivated, reliable student to join us as a Benefits Intern. This position supports the Benefits Team and the Leave of Absence team. The successful candidate will be able to multi-task, remain organized, and have experience in a fast-paced work environment. This position reports to the Benefits Manager.

#### **Principal Duties and Responsibilities:**

- Maintain COVID-19 Vaccination Documentation in Workday
- Assist Team Members with Benefits Questions
- Work with payroll to ensure sick and vacation time is paid out correctly
- Lead the process of digitizing pension files
- Update Benefits webpage as needed
- Assist the Leave of Absence team in approving absences

#### **Minimum Qualifications:**

- Must be enrolled in an undergraduate program in Human Resources, Benefit Administration, Accounting/Payroll, Retirement Management, or a related field
- Competency in Microsoft Office Suite
- Excellent organizational skills
- Ability to work a minimum of 15 hours per week
- Ability to commute to Middletown, PA

#### **Preferred Qualifications:**

- Junior or Senior student preferred
- Prior work experience, especially in a fast-paced office environment
- Ability to read and comprehend Collective Bargaining Agreements
- Strong written and verbal communication skills

#### **Work Environment:**

- Standard office environment, use of computers and other office equipment
- Ability to work a flexible schedule if needed
- Some travel required

#### **Physical Requirements:**

- Occasional lifting up to 25 pounds

The above statements provide a brief description of the general nature of work performed and not intended to be a complete list of responsibilities, duties and skills required for this position. Duties and expectations are subject to change as needed.

Employment is contingent upon a clear Driving Record, 10-year Criminal History Records Check, and Drug Screen as required. We also require proof of High School or GED completion.

### **Pentagon Federal Credit Union Pilot Training Scholarship**

Scholarship Sponsor

Air Force Association (AFA)

**Contact**

1501 Lee Hwy., Arlington, VA 22209

[www.afa.org](http://www.afa.org)

**Usual Deadline**

April

**Amount(s) Awarded**

One (1) Scholarships Awarded, valued at Up to \$10,000

**Scholarship Criteria**

Applicant must include an essay of not more than 600 words describing how this scholarship and a Private Pilot's License will assist in achieving their career or educational goals. If the applicant is a current or recent high school, college, or university student, an unofficial transcript is required. Per FAA requirements, the student must be 16 years old to fly solo, and 17 years old to obtain a Private Pilot Certificate. There is no upper age limit. Applicant must use the funds for flight training in 2022. Lessons taken in 2023 will not be reimbursed.

### **Southern Illinois University, Carbondale**

Assistant Instructor/Assistant Lecturer, Flight Program

The Aviation Flight program at Southern Illinois University Carbondale is seeking qualified applicants for an Assistant Instructor/Assistant Lecturer (Sr. Assistant Chief Flight Instructor) position. This is a 9-month, term, non-tenure track faculty appointment. Appointment will be at the rank of Assistant Instructor for an individual holding a Bachelor's degree and at the rank of Assistant Lecturer for an individual holding a Master's degree.

#### **Qualifications:**

- Bachelor's degree.
- Commercial Pilot Certificate.
- FAA Certified Flight Instructor–Airplane and Instrument (CFII).
- Second Class Medical Certificate.
- Meet the applicable requirements of FAR 141.36 (b), (c) and (d).
- Must have 2,000 hours total flight time.
- Must have 1 year experience as a company check pilot, company check airman, or a position involving the regular evaluation of pilots.

#### **Preferred Qualifications:**

- Designated Pilot Examiner [DPE] minimums.
- Master's degree.
- University flight program experience as Assistant Chief Flight Instructor or equivalent.
- Multi-Engine Instructor

#### **Responsibilities:**

- Provide individual flight instruction to students enrolled in Aviation Flight courses, including preflight/postflight inspection and evaluation as well as maintenance of training records of assigned students. Conduct FAA stage and graduation check flights.
- Serve as Acting Chief Flight Instructor, as Supervisor of Flight Operations (Duty Officer), including night and weekend operations. Function as a "Team Leader," including the supervision and evaluation of Flight Instructors (Team Members).
- Oversee the course of training for one of five FAR Part 141 training courses.
- Serve on department committees as requested.
- Assist faculty as needed in teaching aeronautical and aircraft systems classes offered in the Aviation Flight program.
- Perform other duties as assigned by the Chief Flight Instructor and/or the chair of the Department of Aviation Management and Flight.

**Application Deadline:** March 31st, 2022, or until filled.

**Application Procedure:** Visit <https://jobs.siu.edu/> to create an account and apply.

**Required Documents:** To apply, upload letter of interest, current vitae/resume, and names, addresses, and phone numbers of three references; transcripts and pilot certificates.

## CAREER OPPORTUNITIES

### Louisiana Tech University

Head & Associate Professor, Unit Head, Department of Professional Aviation

The University is seeking a Unit Head to lead our accredited collegiate aviation team. This is a 12-month, full-time faculty position that reports directly to the Dean, College of Liberal Arts.

The Department of Professional Aviation Unit Head provides leadership and oversight of the daily academic activities and Part 141 flight training operations conducted within the academic unit. The individual will work with faculty and staff to manage the Department and flight operation budgets to ensure compliance with all applicable regulatory guidelines and University policy. This individual will be responsible for approximately 6 faculty and 20+ staff. This individual will provide guidance and support toward continued reaffirmation of accreditation by the Aviation Accreditation Board International (AABI) and direction for the enhancement of the flight operations, facilities, equipment, employee training, and laboratory safety practices. The individual will also develop relationships with the aviation industry and foster opportunities to provide professional training opportunities with external partners. The Unit Head will teach five courses during the calendar year.

#### REQUIRED QUALIFICATIONS:

- Master's degree
- Minimum of three (3) years in a full-time faculty role
- FAR Part 141 flight instruction experience
- Minimum of five (5) years as a flight instructor

Apply to:

[https://ulsitu.wd1.myworkdayjobs.com/en-US/LATECHCareers/job/Ruston-La/Head---Associate-Profesor--Unit-Head--Department-of-Professional-Aviation\\_R-483](https://ulsitu.wd1.myworkdayjobs.com/en-US/LATECHCareers/job/Ruston-La/Head---Associate-Profesor--Unit-Head--Department-of-Professional-Aviation_R-483)

### Louisiana Tech University

Department of Professional Aviation Associate/ Assistant Professor

Location: Ruston, LA

Category: Faculty - Aviation

Application Due: Review of applicants will begin immediately and will continue until the position is filled

Type: Full Time

The Department of Professional Aviation at Louisiana Tech University in Ruston, Louisiana, is seeking qualified applicants for a full-time, tenure-track, nine-month Associate/Assistant Professor within the College of Liberal Arts. The position will begin on September 1, 2022.

Qualifications: The position is required to teach undergraduate aviation classroom courses and work as a flight instructor within the Part 141 flight education program. Required: Master's degree, current CFI/CFII and current Third Class Medical Certificate. Preferred: Doctorate, Master's in aviation related field. AGI/IGI/MEI, prior experience as a 14 CFR 141 flight instructor and experience with collegiate aviation accreditation through the Aviation Accreditation Board International (AABI).

Application: To apply, send a letter of application, current vitae, transcripts, flight time summary, and five recent letters of recommendation reflecting both flight and academic qualifications to:

Louisiana Tech University is a member of the University of Louisiana System.

Louisiana Tech is an Equal Opportunity/Affirmative Action/ADA Employer and places a high priority on the creation of an environment supportive of ethnic minorities, women, veterans, and persons with disabilities.

Posting Close Date: This position will remain open until filled.

### Florida Institute of Technology

College of Aeronautics

Non-Tenure Track Aeronautical Science and Technology Faculty Positions Available

Positions: The College of Aeronautics is seeking three full-time faculty members for the undergraduate and graduate aeronautical science and technology programs. Selected applicants should be in place by the first week of August 2022 for the fall 2022 semester.

#### Responsibilities:

- Teach courses as assigned such as:
- Private, instrument, commercial, and/or instructor pilot ground schools.
- Aerodynamics
- Introduction to aircraft systems
- Advanced aircraft systems and operations
- Aviation physical science
- Aviation safety
- Aviation security
- General aviation operations and management
- Airport management
- Aviation law
- Unmanned aerial systems
- Air traffic control
- Meteorology
- Advise undergraduate and graduate students on academic matters and career planning.
- Teach selected courses in person and via distance learning (Canvas) in international and domestic extended-campus programs.
- Serve on division, college, and university committees as assigned.
- Teach graduate courses according to qualifications.
- Supervise students conducting scholarly activities.

#### Minimum Qualifications:

- Master's degree.
- FAA Advanced Ground Instructor (or Certified Flight Instructor) and Instrument Ground Instructor (or Certified Flight Instructor Instrument) certificates.
- Experience in fields applicable to aviation.
- Teaching experience.
- Ability to apply current instructional technology in classroom and distance learning.

#### Desired Qualifications:

- Doctoral degree in a field applicable to aviation or commitment to pursue such a degree (required for assistant professor position)
- Extensive aviation experience.
- University teaching experience.
- Current pilot qualifications.

#### Salary:

Competitive salary commensurate with qualifications and experience.

#### To Apply:

Qualified applicants should submit an application package to College of Aeronautics, Dr. Korhan Oyman, 150 W. University Blvd., Melbourne, FL 32901-6975, email: koyman@fit.edu. The application package should consist of (1) letter of application noting specific qualifications and interests related to the list of responsibilities above, (2) resume or CV, and (3) names and contact information for at least three professional references. On request, applicants will need to provide official academic transcripts for all degrees.

Florida Institute of Technology is an equal opportunity employer committed to excellence through diversity.

### Ozarka College

#### Chief Flight Instructor

Ozarka College seeks applicants for a Chief Flight Instructor. The Chief Flight Instructor, acting under the direction of the Director of Aviation provides leadership and oversight for flight training within the Associate of Applied Science in Aviation - Commercial Pilot and Associate of Science in Aviation - Professional Pilot program. This position is a 12-month position. The Chief Flight Instructor will assist the Director of Aviation with all compliance requirements of the FAR Part 141 standards and managing agreements with local facilities with the overarching goal to increase student enrollment and completion in the professional pilot program at Ozarka College.

#### Position Specifics:

- Monitor compliance with local, state and federal regulations, accreditation standards, and audits.
- Manage the Aviation - Professional Pilot Program ensuring that all Federal Aviation Regulations (FAR) Part 141 standards are met.
- Certify student training records, graduation certificates, stage check and end-of-course test reports, and recommendation for course completion, unless the duties are delegated by the chief flight instructor to an assistant chief instructor or recommending instructor.
- Ensure that each certificated flight instructor or certificated ground instructor passes an initial proficiency check prior to that instructor being assigned instructing duties in the College approved training course, and thereafter that the instructor passes a recurrent proficiency check every 12 calendar months after the month in which the initial test was accomplished.
- Ensure that each student accomplishes the required stage checks and end-of-course tests in accordance with the College approved training course.
- Maintain training techniques, procedures, and standards for the College that are acceptable to the Administrator.
- Supervise full-time and part-time staff to include approving schedules and assignment of duties.
- Recruit, screen, interview, hire, and evaluate aviation part-time instructors.
- Evaluate the effectiveness of aviation instructors through observation, review of class records, and formal as well as informal class evaluations.
- Monitor the progress of student flight training to ensure safety and to increase enrollment and completion rates.
- Conduct flight instruction.
- Assist with student registration and advisement and participates in recruitment events.
- Work with Director of Aviation, Provost and faculty to develop appropriate course schedules.
- Prepare reports regarding student retention, status of flight accounts, and student progress to ensure program responsiveness.
- Establish and maintain a positive, effective working relationship with students, staff, faculty and institutional representatives.
- Perform other duties as assigned.

#### Minimum and Preferred Qualifications:

- Bachelor's degree in aviation or aviation related field with at least three (3) years of relevant aviation experience (corporate, air carrier, flight training, military aviation, etc.). All degrees must be from a regionally accredited institution.
- Hold all licenses required to be designated as Chief Instructor in accordance with 14 CFR 141.35(a) through 14 CFR 141.35(c) (MEI and ATP - Preferred).
- Knowledge and understanding of FAR Part 141 and 61 requirements and flight school operations.
- Minimum of 250 hours instructing in multi-engine aircraft strongly preferred.
- Possess excellent organizational and decision-making skills.
- Possess strong interpersonal skills and the ability to effectively communicate with a wide range of individuals and constituencies.
- Ability to exercise discretion and independent judgment in daily duties.
- Ability to read and clearly interpret documents such as safety rules, operating and maintenance instructions, and procedures.
- Ability to deal with regulators, respond to requests in a timely fashion, and maintain all records required.
- Ability to work in a multi-faceted environment with airport personnel, students, faculty, staff, administrators, advisory board members, and community stakeholders.
- Ability to work a flexible schedule that may include evening and weekend assignments.
- Knowledge and understanding of two-year college organization, goals and objectives, and policies and procedures preferred.

Open until filled. Interviews will begin immediately. Salary is commensurate with education and experience. To apply, submit detailed letter of application, an Ozarka Employment Application, résumé, flight experience attachment, unofficial copies of transcripts, and names, addresses, and phone numbers of three professional references to:

## CAREER OPPORTUNITIES

### Utah Valley University

Faculty (Tenure Track) – School of Aviation Sciences

The School of Aviation Sciences at Utah Valley University is seeking qualified aviation professionals to join our faculty.

UVU is located on the Wasatch Front between beautiful Mount Timpanogos and Utah Lake in one of the fastest growing economies with world class summer and winter recreation. The university was founded in 1941 as a technical school and has grown to more than 35,000 students, establishing itself as the largest 4-year institution in the state, with a focus on engaged learning and student success. UVU is a teaching institution that does not require grant funded scholarship but places a high emphasis on undergraduate research and student mentoring.

The School of Aviation Sciences has educated thousands of aviation industry professionals since 1988 and offers Bachelor's degrees in Professional Pilot, Aviation Management and Aerospace Technology Management. The School's self-funded flight training center is located at our Provo Airport Campus allowing semi-autonomous operations only a 10-minute drive from UVU's main campus. The Global Aviation online program provides funding and travel opportunities supporting faculty directed initiatives. Aviation faculty benefit from a highly competitive benefits and retirement package as well as flexible in-person and online teaching schedules with a focus on quality-of-life. All faculty take on a leadership role in the School of Aviation Sciences and we are proud of the collegial culture fostered between faculty, staff, and students.

UVU operates 20 Diamond DA-40 single-engine trainers and 4 Piper Seminoles twin-engine aircraft all equipped with Garmin G1000 avionics and six Frasca flight simulators. The School's two modern hangars provide a professional and comfortable training environment for our FAR 141 flight training center and FAR 145 repair station. The facilities house faculty and advisor offices, a student call center, dedicated aviation classrooms, simulation labs, and flight briefing rooms with a spacious lobby providing direct flight line access and views of the surrounding Wasatch Mountains.

### Liberty University

Faculty Job Summary/Basic Function

The School of Aeronautics currently delivers residential undergraduate courses and flight and ground instruction (including simulators) for Private, Instrument, Commercial, and Certified Flight Instructors, Aviation Maintenance, Aviation Safety Management, Unmanned Aerial Systems, and Aviation Administration. Residential Faculty member will have the education, experience, a Biblical worldview, and a passion to support our mission of training Champions for Christ to impact the aviation community.

We assign qualified faculty to instruct Aeronautics courses in one or more of the following disciplines:

- Flight training academic courses (ground instruction, weather, flight course faculty of record)
- Human Factors
- Aviation Safety
- Aerodynamics
- Unmanned Aerial Systems (UAS)
- Aviation Management
- Aviation Dispatch
- Aviation Research
- Other Aviation-related courses

### Minimum Qualifications

A minimum of 5-years' experience in aviation-related disciplines, a Master's Degree in Aeronautics and/or a Doctorate with Aviation-related coursework/research (ABD acceptable) is preferred.

Must have a completed Master's Degree and a minimum of 18 hours graduate-level Aeronautics coursework, along with a strong aviation practitioner background spanning at least 5 years. Applicants with an Aeronautics Masters, currently working on or having completed a Doctorate, and a calling to serve in a ministry-related academic role are most highly sought.

Preferred Qualifications

Doctorate with Aviation-related coursework/research (ABD acceptable) is preferred.

### University of Alaska Anchorage

Assistant Dean of Aviation Technology Division

<https://careers.alaska.edu/cw/en-us/job/518608/assistant-dean-of-aviation-technology-division>

The Division of Aviation Technology of the Community and Technical College (CTC) at the University of Alaska Anchorage (UAA), provides coursework in Aviation Maintenance Technology, Air Traffic Control, Aviation Management and Professional Piloting for students pursuing Certificates, Associates, and Bachelors degrees. The Division seeks an experienced individual for the position of Assistant Dean of the Aviation Technology Division, with an anticipated a start date of July 1, 2022.

#### Duties:

Supervise and recruit division personnel. Oversee the care and maintenance of the Aviation Technology Division facilities. Assign faculty workload and oversee the creation of semester class schedules. Lead department planning and resource allocation activities in consultation with faculty/staff to benefit all programs. Provide effective leadership of division faculty and staff. Lead the division in establishing strong curriculum and scheduling sequences. Oversee the implementation of appropriate student learning outcomes in consultation with faculty with each certificate and degree program. Implement a strong student advising program in coordination with the division's student success coach and faculty. Implement effective program assessments and reviews for each of the division's certificate and degree programs. Assist faculty with outcomes assessment and program review activities. Develop, analyze and maintain balanced budgets in consultation with the Fiscal Director and/or division program assistants. Administer all fund expenditures in compliance with university human resource and board of regents' regulations. Ensure all laboratory and flight activities are conducted in accordance with sound risk management principles and in compliance with FAA regulations and university policies. Project and plan for special needs including equipment maintenance and replacement, space requirements, faculty professional development and new program needs. Perform critical analysis and lead flight and simulator operations to continuously refine cost recovery and recharge models to sustain and improve the efficiency and quality of the aircraft fleet and simulators. Oversee membership and meetings of the Aviation Technology Division Industry Advisory Committee. Act as the liaison between the Office of the Dean and the faculty and staff. Serve as the liaison between the aviation programs and aviation industry partners in Alaska and beyond. Serve on college and university committees and work cooperatively with constituent groups to promote and support division goals. May be expected to teach one or more courses in related fields. Participate as a member of the college leadership team. Provide leadership in meeting academic accreditation standards and FAA certification standards as well as other national standards that may apply to the division programs of study. Lead division interactions with the FAA and respond to FAA initiatives to maintain positive and productive memberships. Faculty advisory for aviation students enrolled in internships. Faculty record for all UAA flight courses. Update the FAA, as necessary, to meet obligations related to UAA's.

#### Knowledge/Skills/Abilities:

- Academic preparation or extensive experience in one or more of the following aviation disciplines or closely related fields: Aviation Maintenance Technology, Air Traffic Control, Aviation Management or Professional Piloting.
- Evidence of effective leadership, administrative and supervisory skills.
- Strong interpersonal skills.
- Evidence of effective management in a highly regulated environment.
- Excellent oral and written communications skills.
- Possess high professional regard for and understand roles and responsibilities of post secondary faculty.
- Possess a high level of professional discretion.
- FAA certificated pilot at the CFI or ATP level or FAA certified Airframe and Powerplant Mechanic, or certified professional controller (CPC), either en route or terminal.
- Working knowledge of the FAA regulatory regime as it applies to Part 141 Pilot Schools, Part 147 Aviation Maintenance Technician Schools and Part 65 Dispatcher Training/ATC education.
- Working knowledge of the Alaskan aviation industry/community post-secondary teaching, instruction and/or training experience in an aviation discipline.
- Experience with curriculum development, academic program review, and accreditation process.
- Experience with faculty governance systems and processes.
- Experience with distance learning and distance learning technologies, such as Blackboard Learning System, or similar web-based educational software.
- The ability to effectively teach complicated technical content to non-engineering students.
- Demonstrated commitment to excellence.
- Demonstrated commitment to diversity.
- Demonstrated commitment to student success.
- Strong collaboration skills.

This position is open until filled with the initial application review taking place on January 24, 2022. To ensure your application is considered, apply by 11:55 pm Alaska Standard Time, 1/23/2022. Applications received after this date may not be considered. Please include a cover letter, current vitae, and (3) three professional references.

## CAREER OPPORTUNITIES

### University of Alaska Anchorage

Assistant Professor of Aviation Technology

<https://careers.alaska.edu/cw/en-us/job/518616/assistant-professor-of-aviation-technology>

The Aviation Technology Division (ATD) of the University of Alaska Anchorage (UAA) is seeking two (2) highly qualified candidates to fill a full time, tenure-track Assistant Professor of Aviation Technology faculty position. The workload for this position is bipartite to include teaching and service, with an anticipated start date of August 2022.

#### Service:

The position is required to provide service to the Division, the College, the Profession, and/or the University. This service may include curriculum development, service on committees, or other service as approved by the Division director.

#### Teaching:

This position carries a full-time instructional workload during the academic year. The incumbent will be responsible for teaching a full load (typically 24 to 27 credits) of undergraduate courses in a manner consistent with the specific course content guide description. Faculty are also expected to provide academic counseling to students, hold office hours appropriate for the course(s) being taught, and be proactive in developing and modifying curriculum for delivery in assigned teaching modalities. Course topic areas may include but are not limited to the following: • Aviation Safety • Aviation Security • Airline / Airport / General Aviation Operations and Management • Resource Management • Human Factors in Aviation • Elements of Weather • Air Transportation Seminar

#### Knowledge/Skills/Abilities:

- Documented successful post-secondary teaching experience.
- The ability to effectively teach complicated technical content to non-engineering students.
- Demonstrated commitment to excellence.
- Demonstrated commitment to diversity.
- Demonstrated commitment to student success.
- Strong interpersonal skills.
- Strong collaboration skills.

#### Typical Experience:

Minimum five years significant experience in airline, corporate, government, or general aviation, OR a minimum three years significant industry experience and two or more years faculty experience is required.

Three or more year of experience as an aviation faculty member with an accredited college or university is preferred.

Experience and proficiency using computer, online course management systems, and other instructional technologies is preferred.

#### Required Education or Training:

- Earned Master's degree from an accredited university is required.
- Bachelor, or Masters, or Doctorate degree in Aviation, Aviation/Business Management, or related field with extensive industry experience is preferred.
- Advanced FAA Pilot and/or Certified Flight Instructor Certificate(s), and/or FAA Dispatched Certificate is desirable.

This position is open until filled with the initial application review taking place on January 24, 2022. To ensure your application is considered, apply by 11:55 pm Alaska Standard Time, 1/23/2022. Applications received after this date may not be considered. Please include cover letter, Current Vitae, and three (3) professional References.

To be eligible for this position, applicants must be legally authorized for unrestricted employment in the United States. No work visas will be sponsored for this position.

### National Business Aviation Association (NBAA)

Career Opportunity – Operations Manager with the National Business Aviation Association (NBAA) – Washington, DC/Telecommute flexibility

The National Business Aviation Association (NBAA), one of the most exciting associations that facilitates some of the largest international conferences, is seeking an Operations Manager to provide legislative, regulatory, technical, and flight operations information to members. Requires a HS diploma, an FAA-certificated private pilot certificate, dispatcher's license, or A&P certificate, and a minimum of two years of relevant work experience. Exposure to Business Aviation strongly preferred.

This position offers flexible hours and generous telecommute options. NBAA offers generous benefits, bonuses, and a collegial work environment in the heart of the nation's capital.

## CAREER OPPORTUNITIES

### **Southeast Missouri State University**

Assistant Professor (Tenure-Track) OR Instructor (Regular Non-Tenure Track)  
Aviation Department of Engineering & Technology

Southeast Missouri State University is seeking qualified applicants for a full-time faculty position to develop and support an aviation program in the Department of Engineering & Technology.

#### **Primary Responsibilities**

- Support and develop the Pilot Program
- Teach undergraduate courses in aviation and potentially other areas as assigned and qualified
- Maintain a working relationship with our flight training partner
- Establish a productive research program to support undergraduate degree programs as an Assistant Professor
- Develop relationships with the aviation industry and community
- Advise students and provide service to the Department/College/University

#### **Required Qualifications**

For Assistant Professor (Tenure-Track): MS or MBA (preference for a doctorate) in Aviation, Aviation Education, or closely-related field. Degree must be from a regionally accredited or internationally accredited/government certified university.

OR

For Instructor (Regular Non-Tenure Track): MS or MBA earned in any Field. ABD will also be considered. Degree must be from a regionally accredited or internationally accredited/government certified university.

- Current FAA flight instructor certifications
- Demonstrated ability to teach high-quality courses in aviation
- Demonstrated experience in the aviation industry
- Evidence of effective communication skills (including oral, written, and interpersonal)
- For Assistant Professor (Tenure-Track): Demonstrated ability to conduct and publish research and other scholarly activities

OR

For Instructor (Regular Non-Tenure Track): Demonstrated ability to stay up-to-date in the aviation field, including in instructional techniques

- Demonstrated ability to advise and mentor students and promote the department
- Demonstrated commitment to collegiality when interacting with others within the University community
- Demonstrated commitment to a diverse work environment, including working with multi-cultural populations and an understanding of, and sensitivity to, issues affecting women and minorities

As a public regional university (with a graduate mission), Southeast seeks candidates with a commitment to excellent undergraduate (and graduate) education and student success within the framework of the teacher-scholar model. Applications of instructional technology and pedagogical research are supported through the Center for Scholarship in Teaching and Learning and the Office of Online Learning. Successful candidates will contribute to the development of innovative curricula and delivery strategies, including traditional, blended and online formats, and participate in initiatives promoting student success, retention, and degree completion.

Application Deadline: The position is available August 1, 2022 and will remain open until filled. To ensure full consideration, applications must be received by January 17, 2022.

Required Information: To apply, submit the following items online at:

<https://agency.governmentjobs.com//semoedu/default.cfm?promotionaljobs=1>

Letter of interest addressing position required qualifications and how you learned of this position.

Current curriculum vitae.

Statement of no more than one page on how your research, professional experiences, and related activities could contribute to the program.

- Statement of no more than one page introducing your teaching philosophy.
- Unofficial copies of transcripts (official transcripts are required when an offer of employment is accepted).
- Name and contact information of three references.

Departmental Information: Additional information regarding the Department of Engineering & Technology can be found at

<http://www.semo.edu/eng-tech/>

### Middle Tennessee State University

Aerospace (Maintenance Management), Tenure-Track Faculty

MTSU seeks candidates who are committed to innovative teaching, robust research/creative activity, and meaningful service. We also seek to attract a culturally and academically diverse faculty who value working with a diverse student body.

#### Job Summary/Basic Function

The Department of Aerospace at Middle Tennessee State University invites applicants for a full-time, tenure-track faculty position at the rank of assistant/associate professor in Maintenance Management. The start date for the position is August 1, 2022. The position is contingent upon funding.

#### Required Education

A Master's degree in Aerospace, Aviation, Aerospace Engineering or a closely related field by the appointment date

#### Required Related Experience

A minimum of one year of aerospace/aviation industry or collegiate teaching experience is required.

#### Documents Needed to Apply

In order to successfully apply, applicants are required to include the following documents as separate attachments at the time of online application submittal: a cover letter, their curriculum vitae, a statement of Teaching Philosophy, and their Research Statement or Creative Activities (as appropriate to the discipline). NOTE: In addition to the REQUIRED documents listed above for successful application, applicants must include copies of all aerospace/aviation certifications held attached as Other Document 1.

#### Special Instruction to Applicants

If you need help in applying, please contact the Faculty Recruitment Specialist at (615) 898-5128. If you have position-specific questions, please contact Dr. Chaminda Prelis at [Chaminda.Prelis@mtsu.edu](mailto:Chaminda.Prelis@mtsu.edu).

### Florida Institute of Technology

Dean, College of Aeronautics

As the senior academic administrator for the college, the dean reflects and supports the University's mission and strategic plan. Working collaboratively with department chairs and faculty, the Dean directs the development, assessment, financial affairs, and oversight of all the College's academic programs, education, research and initiatives. Provide leadership for the College's curricular initiatives, professional training, and the recruitment and retention of high quality faculty, staff, and student talent. The Dean is accountable for the quality of the College's academic programs and faculty, aligning the priorities of the College with those of the University.

#### Job Description

- Establishes goals for the College and ensures that these goals are consistent with the mission and strategic plan of Florida Tech and have measurable benchmarks for success.
- Works with department chairs in the development of departmental mission and vision statements and the development and assessment of departmental goals and learning outcomes.
- Develops and maintains strong partnerships and relationships with alumni, businesses, industry partners, organizations and donors.
- Works with Enrollment Management in the recruitment of new students, works with faculty and other university offices to retain students to graduation.
- Achieves enrollment growth with new program development and successful implementation of initiatives.
- Oversee the activities necessary to maintain the College's accreditations.
- Serves as Executive Director for FIT Aviation LLC, providing oversight for flight training, FBO operations, and fleet maintenance.
- Serves as the EASA Accountable Manager, establishing and maintaining a management system and ensuring its ongoing effectiveness.
- Developing and maintaining the college's financial performance, investment priorities, and goals
- Dean oversees the flight training operation.
- A doctoral degree in aviation or a related field is required with a minimum of 10 years' experience in the aeronautical field with a background that includes commercial or military aviation.
- Significant teaching experience and academic work experience is required.
- An academic management/leadership background such as assistant/associate dean, dean, academic VP, faculty senate leadership, department head, interim/acting dean should be desirable.
- AABI accreditation experience is desirable.
- Familiarity to international contract environment is desirable.
- Any additional tasks as assigned.

# NEW POSITION ANNOUNCEMENT

## ASSISTANT PROFESSOR (Tenure Track)

Seeking an Assistant Professor (tenure track) in Aviation and Space

Start Date: August 2022

### QUALIFICATIONS

**REQUIRED QUALIFICATION:** Applicants seeking this position must have an earned doctorate with an emphasis in aviation/aerospace or a closely aligned area.

**PREFERRED QUALIFICATIONS:** Preference will be given to applicants with:

- Pilot license and familiarity with current FAA and Part 141 requirements and 1,500 or more logged flight hours
- Aviation experience in the U.S. military and/or civilian air carrier industry
- Experience teaching undergraduate and graduate students
- A clearly articulated research agenda
- Peer-reviewed research publications

Applicants should demonstrate an interest in OSU's land-grant mission and have a desire to make a positive impact on the community through scholarship, teaching and service.

### RESPONSIBILITIES

The successful candidate will engage in scholarly activity and teach graduate and undergraduate program courses, specifically in areas appropriate to the program needs. Additional responsibilities include supervising graduate students and serving as a resource to the school, college and university. The required teaching load is three courses per nine-month academic year (2-1) in the first two years of employment and four courses per nine-month academic year (2-2) thereafter. This position is assigned to the OSU-Stillwater campus; however, AVED faculty may also teach in an online or hybrid delivery format and occasionally on the OSU-Tulsa campus.

### SALARY & BENEFITS

Salary will be commensurate with education, experience and qualifications. Benefits include comprehensive medical and retirement plans.

### GENERAL INFORMATION

Oklahoma State University is a comprehensive land-grant university with an enrollment of more than 23,000 students. The Aviation and Space program is housed in the OSU College of Education and Human Sciences and is seeking an outstanding professional to assume the role of Assistant Professor.

The position will be located on the main campus in Stillwater, Oklahoma, home of a fully-supported and growing flight center that includes a growing fleet of Cirrus SR-20's; Cessna 172's; Cessna 152's; Piper Seminoles; and a strong group of growing, enthusiastic and talented students. The Aviation and Space program has 550 undergraduate and graduate students. Scheduled to open by spring 2022 is the newly constructed, 12,000-square foot Ray and Linda Booker OSU Flight Center. Stillwater provides a combination of large city amenities, but maintains the charm of a smaller community. Stillwater is ideally situated to Oklahoma City and Tulsa. A short drive provides dining options, cultural experiences and sporting events. Stillwater is a remarkable community and offers affordable housing, excellent schools and has been ranked as one of America's safest cities.

The OSU Aviation and Space program offers four undergraduate degree options: professional pilot, aviation management, technical services management and aerospace security. Additionally, the program offers an online Master of Science in Aviation and Space degree, as well as a Doctor of Education in Applied Educational Studies, Aviation and Space specialization.

## APPLICATION REVIEW PROCESS BEGINS DECEMBER 1, 2021

To apply, submit a letter of application, curriculum vitae, transcripts, two sample publications and reference contact information to <https://jobs.okstate.edu>.

For more information on the Aviation and Space program, please visit <https://education.okstate.edu/aado/>.

For specific information, contact Dr. Mallory Casebolt at [mallory.casebolt@okstate.edu](mailto:mallory.casebolt@okstate.edu).

Oklahoma State University, as an equal opportunity employer, complies with all applicable federal and state laws regarding non-discrimination and affirmative action. Oklahoma State University is committed to a policy of equal opportunity for all individuals and does not discriminate based on race, religion, age, sex, color, national origin, marital status, sexual orientation, gender identity/expression, disability, or veteran status with regard to employment, educational programs and activities, and/or admissions. OSU is a VEVRAA Federal Contractor and desires priority referrals of protected veterans for its openings. For more information, visit <https://eeo.okstate.edu>.

## CAREER OPPORTUNITIES

### Hesston College, School of Aviation

Full-time aviation professor

Hesston College and the School of Aviation seek a full-time Aviation Professor to provide substantive, engaging in-class and online instruction for students enrolled in both its Bachelor of Science and Associate of Applied Arts and Science Aviation degree programs. The scope of courses to be taught is consistent with aeronautical knowledge requirements for airman certification per Title 14 Code of Federal Regulations (CFR) Parts 61, and 141, as well as academic course material specific to Institutions of Higher Education, as stipulated in the amended FAA Advisory Circular (AC) 61.139.

Candidates must possess a Master's degree in Aviation/Aeronautics, or related field, with recent aviation industry experience. Qualified candidates must also possess an FAA Commercial Pilot Certificate – Airplane Single & Multiengine Land, an FAA Instrument Rating – Airplane, and an FAA Certificated Flight Instructor certificate with Airplane Single & Multiengine and Instrument Airplane ratings. Demonstrated teaching competencies at the collegiate level, or equivalent, and a commitment to student-centered instruction are required for consideration. If you share our values and our enthusiasm to educate and nurture each student within a Christ-centered community, integrating thought, life and faith for service to others in the church and the world, you will find a home at Hesston College.

Hesston College faculty are supported in the development of their skills, and both skilled and novice teachers are encouraged to apply. To apply, send letter of interest, application, curriculum vitae and copies of transcripts to [joinus@hesston.edu](mailto:joinus@hesston.edu). This position can be on a 9-month or 12-month agreement, to begin August 2022 (possibly sooner if interested in 12-month). Review of applications will begin March 1, 2022, and will continue until filled.

Located 30 minutes north of Wichita, Kansas, Hesston College is a private, Christian liberal arts college that operates on a mixed model. Hesston's programs of study are associate degree/transfer programs as well as bachelor's degree programs in nursing, aviation, and business. The college keeps an eye on industry trends and student needs to develop programs and offerings to best meet those needs. As a part of Mennonite Church USA, Hesston College is committed to fostering a Christ-centered community built on Anabaptist values. EOE

### Southern Illinois University, Carbondale

Title: NTT Faculty (Aviation Management Program) Job Category: Assistant Instructor/Assistant Lecturer School: School of Aviation-SIUC

College: College of Health and Human Sciences-SIUC

**Position Summary:** The School of Aviation in the College of Health and Human Sciences at Southern Illinois University Carbondale is seeking qualified applicants for one or more term, non-tenure track faculty positions within the Aviation Management program beginning August 16, 2022. A comprehensive benefit package including health insurance, retirement options and tuition waiver is provided. A full listing of benefits is available at <https://hr.siu.edu/benefits/>.

**Duties and Responsibilities:** To teach one or more of the following courses: Introduction to aviation Management, Air Transport Labor Relations, Airline Management, Airport Planning, Airport Management, Air Traffic Control, and Legal Aspects of Aviation. To maintain appropriate office hours and to assist students with program-related matters. To attend department meetings as required. To engage in other assignments as determined by the school director.

Minimum Qualifications: Bachelor's Degree with a minimum of three years' documented experience in the aviation industry.

**Preferred Qualifications:**

- Master's Degree
- Minimum two years post-secondary teaching experience and related industry experience.
- Experience in airport operations, air traffic control, and related fields.

Contact for further information: Michael Robertson - [mrobertson@siu.edu](mailto:mrobertson@siu.edu)

Contact phone: 618-453-9264

Application process: Apply online at <https://jobs.siu.edu/>

Deadline to Apply: 4/15/22 or until filled

**General Information:** In your cover letter, please list courses (from the list above) that you are qualified to teach.

SIU Carbondale, member of the SIU System, is an anti-racist community that opposes racism, discrimination and inequity in any form, and embraces diversity, inclusion, equity, and justice for all people.

SIU Carbondale is an Affirmative Action/Equal Opportunity Employer of individuals with disabilities and protected veterans that strives to enhance its ability to develop a diverse faculty and staff and to increase its potential to serve a diverse student population. All applications are welcomed and encouraged and will receive consideration.

## CAREER OPPORTUNITIES

### Middle Georgia State University

Assistant Professor of Aviation

Department of Aviation Science & Management

#### Job Summary/Basic Function

This is a full-time, tenure track, 10-month academic position in the Department of Aviation Science and Management in the School of Aviation. This position involves teaching, scholarship, and service. Dependent upon degree, teaching responsibilities involve teaching undergraduate courses.

#### Major Duties

- Dependent upon degree, teach various undergraduate courses (12 – 15 semester hours per semester) in areas to include, but not limited to: aircraft systems, crew resource management, flight operations, and FAR Part 141 ground school courses.
- Advise aviation students on academic and career aspirations.
- Participate in research in a variety of aviation-related subjects consistent with education and experience.
- Participate in college committee activities.
- Perform other duties assigned by the Department Chair or designee.

#### QUALIFICATIONS

- Master's Degree, preferably in Aviation, required with extensive experience in Aviation.
- Demonstrated ability to teach and develop broad array of aviation training courses.

#### PREFERRED QUALIFICATIONS

- Doctorate Degree in Aviation preferred.
- Civilian aviation experience with a background in FAR Part 121 or 135 operations preferred.
- Although this position does not involve flight instruction, possession of Federal Aviation Administration (FAA) Certificated Flight Instructor rating (CFI) and/or Ground Instructor certificates (AGI, IGI) is preferred.

## CAREER OPPORTUNITIES

### Middle Georgia State University

Department Chair, School of Aviation

#### Job Summary/Basic Function

This position is responsible for directing the operations of the Department of Aviation Science and Management.

#### Major Duties

##### Administration (55%)

- Leadership of specialized accreditation, clinical practice, lab or alternative instruction oversight as needed by the department and assigned by the dean
- Complete annual departmental assessment reports
- Assists the Dean in the development and maintenance of curriculum and courses representative of the discipline and supportive of the educational objectives of the college.
- Assists the Dean in evaluating, recruiting and recommending the appointment of faculty.
- Monitors student success, including student retention and progression data.
- Develops semester course schedules.
- Produces a variety of reports.
- Ensures consist pedagogy in science subjects across all campuses.
- Ensures all relevant courses are in compliance with USG and SACSCOC policies.

##### Personnel Management (25%)

- Ensures all personnel decisions are in compliance USG and MGA faculty and staff policies.
- Reviews problems between faculty members or between faculty and students.
- Recommends faculty for tenure, promotion, or non-renewal contract status as appropriate.
- Performs related duties as assigned.
- Assigns mentors to new hire faculty and staff members.
- Completes annual evaluation of faculty and staff performance.
- Approve faculty and staff work schedules and leave requests within a timely manner

##### Other Duties (15%)

- Teach one 3 or 4 credit hour course per semester using face-to-face, hybrid, or online learning formats.
- Attends meetings scheduled by the Dean, Provost, or other relevant administrators as a representative of the department.
- Participates in strategic planning development and initiatives as needed.
- Addresses and resolves student appeals and complaints
- Ensure departmental representatives are available during summer sessions and campus recruitment events

##### Budget Management (5%)

- Assists in the development of the department budget recommendation; supplies data and statistics; administers assigned budgets.
- Ensures proper equipment and supplies are ordered in a timely manner with the assistance of the Administrative Coordinator or Administrative Assistant in accordance with budgetary guidelines and parameters

#### MINIMUM QUALIFICATIONS

Knowledge and level of competency commonly associated with the aviation industry and completion of a Master degree in aviation related field.

Experience sufficient to thoroughly understand the diverse objectives and functions of the subunits in the division/department in order to direct and coordinate work within the division/department, usually interpreted to require three to five years of related experience.

#### PREFERRED QUALIFICATIONS

Knowledge and level of competency commonly associated with the completion of a Doctoral degree in aviation related field.

Certified Flight Instructor or Commercial Pilot

## INDUSTRY OPPORTUNITIES

No airline industry threat has been quite as rapid and severe as the one posed by COVID-19. Since the outbreak of the pandemic, young collegiate aviation professionals have been unsure of how and when airlines would reopen the new hire process. After more than a year, there are signs that the industry is returning to normal. As a service to our university members, we have created a new industry section. In this new section we will monitor the re-awakening of the industry by posting monthly updates on the airline hiring status of pilots, maintenance, and other aviation professionals.
